THE DOTHAN EAGLE

WEATHER
Fair tonight and Saturday.

DOTHAN'S POPULATION: 1890, 247; 1900, 3,579; 1910, 7,016; 1920, 20,000. "FOR I HEARD THEM SAY, LET US GO TO DOTHAN."
VOLUME 9 DOTHAH, ALABAMA, FRIDAY AFTERNOON, (OCTOBER 1, 1915) NUMBER 7

ALLIES GAINING MANY FARMERS OVER GERMANS IN TOWN TODAY

Paris, Sept. 30.—A further gain of ground in Champagne to the north of Mesnil is recorded in the French official communication tonight, which adds that on the Champagne front alone since September 25 field guns and heavy pieces to the number of 121 have been captured by the French.

London, Sept. 30.—Further important gains by the French in the vigorous continuation of the general offensive movement of the entente allies on the western front are reported by the Paris war office today and admitted by Berlin.

French troops gained a footing in the German second line of defense in the Champagne region, it is announced. They have taken an important defensive work of the Germans south of Ripont, which is four miles north west of Massiges, back of which lies an important junction on the railway which parallels the German front in this region.

The allied attacks along a front in the west totalling less than thirty miles are regarded in England as only a beginning of the offensive movement.

HA! HA! That's Funny
Never knew I could get a boy's suit so cheap before!

Just like all boys, "never thought of that." All the boys think of is play, play all the time. If the mother doesn't make him dress up, he certainly won't do it.

Send that kind of a boy to this boy's store. We have made special preparations for him, Suits, Odd Pants, Blouses, Caps, Stockings, Ties and everything to fix him up right.

WALKER'S

The streets of Dothan are thronged with farmers today, many of whom are selling cotton. With the cotton market unusually uncertain at this time, cotton falling off several points and then going up again, a goodly number of farmers are selling although some are holding the staple for higher prices than are being paid now.

Local merchants appear to be doing a fairly good business. This is the first time in many a day that the crowds in town on Friday remind one of a regular Saturday afternoon in Dothan.

DUMBA'S SAFE CONDUCT GIVEN SECRETARY POLK

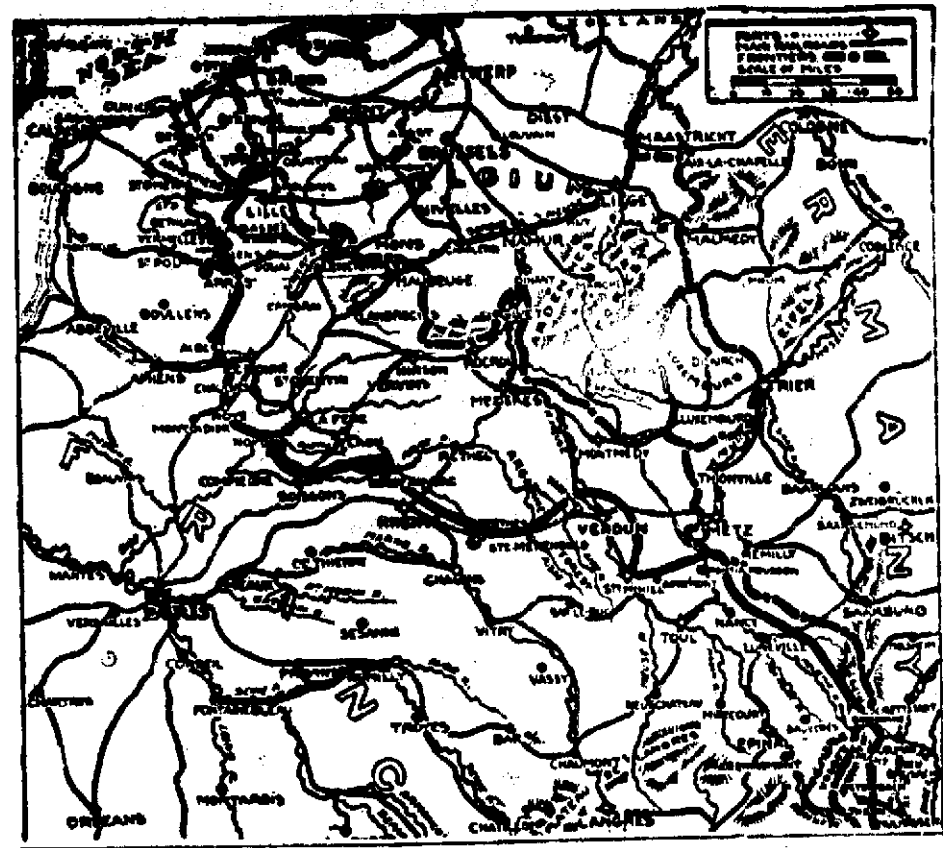

Washington, Sept. 30.—Sir Cecil Spring-Rice, the British Ambassador, personally delivered to Acting Secretary Polk at the state department today a safe conduct under which Dr. Constantin Dumba, the Austro-Hungarian ambassador, will return to Vienna October 5.

HEFLIN DESIRES GOVERNMENT TO PURCHASE COTTON

Washington, Sept. 30.—Representative Heflin, of Alabama, a member of the House Committee on Agriculture, called on Secretaries Garrison and Daniels today to discuss the administration's defense program and particularly the use of cotton and hinders in the manufacture of gun cotton and other explosives. Mr. Heflin suggested that government purchase 450,000 bales of cotton and 250,000 bales of hinders to meet the munitions requirements of the army and navy and that on account of the short cotton crop and the increasing demand for both cotton and hinders in Europe for war purposes, the purchases be made early in December.

The secretaries promised to take the matter up. Secretary Daniels told Mr. Heflin that more cotton than usual would be required by the government powder mills at Indian Head because the plant there was being enlarged and soon would double its output of manufactured powder.

EASTERN BATTLE FRONT—SCENE OF NEW DRIVE BY ALLIES

1. Hooge, the northern limit of the British attack.
2. Where British took five miles of trenches.
3. The British capture of Hill No. 70, a mile from Lens, threatens the German occupation of that town.
4. Loos, captured by the British, is about twelve miles from Lille, the most important town held by the Germans in Northern France.
5. Souchez, after months of fighting, now entirely in French hands.
6. Perthes, middle of the Champagne line, along which the French captured fifteen miles of trenches.

25 pound sack Granulated Sugar, Friday and Saturday only. \$1.55. Bush Grocery Co. Phone 28.	John T. Forchard of route 7 was in Dothan today.	Maryland Tomatoes, 4 cans for 25c, Friday and Saturday only. Bush Grocery Co. Phone 28.

James A. Cobb of route 6 was in the city today.	Brick Cheese, something good Friday and Saturday only. Bush Grocery Co. Phone 28.	

"SEPT. MORN" ON NOVEMBER 4

Manager Thomas Books Two Large Musical Shows, "September Morn" and "Mutt and Jeff in College."

Rowland and Clifford's "September Morn," with fifty people, most girls, is the biggest attraction yet booked for the Auditorium and it is to be regretted that this show does not reach town until Thursday, November 4. The fact that "Sept. Morn" is a month late will not detract from this bill as a drawing card, however.

"September Morn" is a big musical show, in fact it is a musical comedy that has been making good everywhere, particularly in the LaSalle opera house, Chicago.

Manager Thomas says he wishes he could have gotten this attraction for the opening date but he had no such good luck. He has booked, however, a good comedy-drama for that occasion on October 15—"The Winning of Barbara Worth."

Another show of the type which generally make good in Dothan is Gus Hill's musical comedy, "Mutt and Jeff in College," booked for October 19. There are 45 people with this attraction and like "Sept. Morn," they are mostly girls.

Times are Good.
The "September Morn" company is now playing in Tennessee and a letter from the manager a few days ago says the show business is on the upswing in that state, that the crowds are good and that the financial stringency isn't worth mentioning. In his letter he asks how conditions are in Georgia. This letter in a way is encouraging for it certainly requires good times to support a monster musical comedy aggregation as the expenses for such an attraction are very heavy.

Bargain—Moving picture machine. Will sell cheap. B. J. McClellan, phone 148. 47p

J. H. Carter of Crosby visited Dothan today.

For Rent—3 rooms for light housekeeping, to family without children, 402 North Foster. 107

5 pound bucket Cottolene Shortening, 55c. Friday and Saturday only. Bush Grocery Co. Phone 28. 11

PENSION WARRANTS HERE

Pension warrants for 315 Confederate veterans or their widows have been received at the Probate Office, and are being given out. These warrants will average \$20 each.

SEED OATS.
Pure Hancock seed oats for sale. 80c bushel. B. F. Ivey, Webb, Ala. (nfp)

S. J. Goff of Cottonwood is in the city today.

A. O. Walker of Panhandle, is here today.

FAIR CATALOG IS NOW READY

The catalogues and premium list of the Southeast Alabama Fair Association has been printed and is now ready for distribution. These catalogues will be mailed out. Secretary Thomas says that all who want a catalogue may call at his office for one.

The Fair catalogue was printed by the Alabama Printing Company, a Dothan concern, and the linotype work was done by O. G. Strickland on The Dothan Eagle machine, and the work certainly deserves favorable mention. The larger printing shops of the state could not have turned out a more tasty job than did the Dothan printer.

GOOD SCORES AT MONTGOMERY

Out of the fifty men who made the highest scores in the rifle shoot at Montgomery yesterday, the names of all contestants from the Dothan Guards appear in the list. These men were ordered to remain in camp for further instructions and out of this number twelve will be selected to represent the Alabama militia at the national shoot in Jacksonville, Fla., next month. The following scores were made by Dothan riflemen: J. T. Vickers, 317; W. M. Green, 314; J. T. Hammock, 311; A. L. Barnes, 310; W. Faulk, 306; E. E. Holmes, 305.

Cream Cheese, very fresh and nice, Friday and Saturday only. 22 1/2c per pound. Bush Grocery Co. Phone 28. 11

Lost—Pair gold framed spectacles in case. Reward. Notify Jasper E. Barnes, phone 1702-A.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to use **End Dandruff**. To do this, just get some of the plain, common **End Dandruff** cream of hair, comb it over your head, and apply it at night. (This is all you will need to get rid of dandruff.) You can get it at any drug store, or you can get it at the **End Dandruff** store, 107 North Foster. It is a sure way to get rid of dandruff, and it is a sure way to get rid of dandruff. It is a sure way to get rid of dandruff, and it is a sure way to get rid of dandruff.

Office: Eagle Building, East Troy St., Telephone No. 115.

Thursday, Sept. 30, 1915.

Some play for time but more play for money.

It is more blessed to give than to receive advice.

Once you get the saving habit you don't want to be cured.

The boss could not be everywhere so he hired a collector.

Life on the ocean wave has its advantages; there are no dust storms.

The Laverne Journal says cotton seed are bringing \$32 per ton in that town.

The Colonel is sick of peace. Mr. Bryan is sick of war. A fine pair of socks.

If some fellows were as sweet as they are short, sweet would be the sweetness thereof.

September Morn no doubt kept quite cool wearing nothing but a smiling countenance.

See that the Allies are winning on both fronts. Must have a front front and a back front.

"Who are the Turks?" asks the London Chronicle. Don't know 'em; they don't go in our out.

"Dodge cars here Monday," says an advertisement. Jack, we dodge 'em here every day and a few nights extra.

In about ninety days you'll have to pay your annual dues in the Ancient and Accepted Order of Christmas Present Swappers.

What's the difference between thirteen inches and an ankle? One is a little over a foot and the other is over a little foot.

The trouble about that White Lighthouse hen laying 287 eggs in 200 days is that a lot of fellows will try to get rich in the chicken business again.

As soon as the weather gets a little cooler the skaters will be out and the non-skating citizen will receive regular skating practice.

Mr. Bryan is speaking on The Dothan Eagle. The fellows on the other side of the street would like to know how to conduct a campaign.

THE LEGISLATURE AND ITS EDITORIAL FRIENDS.

Han't the Legislature any newspaper friends that are faithful even unto the end? Recently we had occasion to quote from the Mobile Register a few sharp thrusts at recent "hand-picked" assemblage. Now comes the Birmingham Ledger to express its final verdict of the Legislature. From that verdict we quote the opening and closing sentences:

"No doubt, the average taxpayer of Alabama feels no regret over the final adjournment of this legislature

"The net results of this Legislature do not appear reassuring. Still, the corporations that had their way are doubtless fairly well satisfied."

If the Mobile Register and the Birmingham Ledger have turned upon the Legislature, what newspapers shall stand by the law makers in consideration of their recent work? We grovelly fear there are no papers to speak out and give whole-hearted comfort except The Dothan Eagle, and The Northport Breeze and, possibly, The Cho. Free Press—Montgomery Advertiser.

Wrong again. The Eagle isn't going on record as endorsing the legislature as being a success as a whole. The hand of big interest was seen in too many measures. They are the same hands that have been seen in previous legislatures.

But it's popular to discredit legislatures. It is easier to do that than it is to praise them, for there are few who can follow the actions of such a body, and place the stamp of approval upon their every act. We suppose, to speak fairly, that when the acts are published one could go through the entire book and find more good laws than bad ones, but there are many bad ones, just how bad they are cannot be known yet. But it is a known fact, that some of the leaders—many of the able men of the legislature, are men who are serving other masters than the people. They are paid salaries year in and year out to represent corporations and they do it, and thereby the people's interests are secondary.

But the files of the Advertiser will show that it has criticized all past legislatures about like it has this one, with the possible exception of the O'Neal legislature. It stood by that administration, even after its marbles and chalk had been taken from it, because, being a "stiff-neck" paper, it didn't feel like turning and fighting the product of its own handiwork. With the lone exception, why all previous legislatures should have adjourned the second week after they met.

But don't make the mistake of assuming that The Eagle feels called upon to give endorsement to all the legislature did. This paper had an unusually small part, being only one out of 141 members, and that number of men are liable to have view of their own about public questions.

If you recall it the Advertiser predicted that nothing good could come out of this legislature, as early as the 12th of January, when it and its friends failed to accomplish an organization of that body to its own liking.

FOOLED THE ROAD HOG

From the Boston Post

Automobile drivers who have suffered from "road hogs" tell me that those autocrats who insist in taking up more than

their amount of space and refuse to allow others to pass them on narrow roads, will, in future, be eaten for, all through the thoughtfulness of a member of the automobile fraternity who laid upon a unique plan.

Returning from the Panama Exposition he had with him several large torpedoes, such as children celebrate with on July 4. Enroute, this man (Dr. A. L. Marks) was crowded by an automobile driver in front of him who wouldn't let the physician's car pass.

A TIMELY WARNING.

The path for Houston county and contiguous territory has been clearly blazed out by those sections of country in southern Mississippi and Louisiana which have been contending with the boll weevil for the past 6 or 8 years. The testimony from these sections is that as a result of the boll weevil they are more prosperous than before, that the farmers have more money, that their farms are in better shape, that there is less debt and much more prosperous conditions generally. This was brought about by an entire change of agricultural methods resulting in practical diversified farming. The reduction in the amount of cotton has been more than balanced by other staple cash crops, such as peanuts, potatoes, syrup, peas, with a large increase in the production of hogs and cattle. Such fundamental changes cannot of course be effected in one year, and cannot be successfully executed without some form of organization here in Dothan to secure the necessary information, digest it and place it before the farmers in the right way at the proper time. Without some supervising head as this the results cannot be satisfactory. This same organization will be necessary to secure markets for such products, and to see that they are prepared in marketable shape. If we do this, organize and get behind it in an energetic manner, supplant the cotton crop next year in this way, we can make 1916 a better year than this has been.

Dothan gets more like Birmingham every day. They are about the only cities in Alabama that will have a fair this fall, unless it is some small country fair and there are but few of those.

It is a hard matter to talk diversification to the farmer when cotton is selling around eleven cents a pound but those sections which have boll weevils know that you can't make money raising eleven cent cotton, unless you actually produce the cotton.

Dothan reports over 1000 white children in school. Troy reports about 500 but the Troy Messenger has a much better advertising patronage than the Dothan papers, showing that its merchants go stronger after trade than they do here.

Women love new hats and suits. And buy them in a twinkling. They want the very newest thing. Except the newest wrinkle. (Memphis Commercial Appeal)

Men love old-fashioned drinks. With sparkle and with bubble. They can not for newest things. Except by drinking them so double.

The road building force of Houston county will within the next year, get good roads to the sections of the county most in need of them. The Board of Revenue will let the contract for building some road whenever in its judgment a good contract can be made for the county. This organization knows the value of a dollar and when it is spent, it will have to represent one hundred cents.

ITCHING ECZEMA. IS DRIED RIGHT UP WITH SULPHUR

Use like cold cream to subdue irritation and clear the skin.

Any breaking out or irritation on the face, arms, legs and body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold sulphur, says a noted dermatologist.

He informs us that bold sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before any eruption again appears.

Those troubled should obtain from any druggist an ounce of bold sulphur, which is applied to the affected parts in the same manner as an ordinary cold cream. It isn't unpleasant and the prompt relief afforded, particularly in itching Eczema, proves very welcome.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So Dakota—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodon's Liver Tonic" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Liven up your sluggish liver. Feel fine and cheerful. Make your work a pleasure, be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel cracks into your bile like dynamite, breaking it up. That's when you feel about awful nausea and cramping. Listen to me! If you want to enjoy the sleep, greatest liver and bowel cleansing you ever experienced just take a course of Dodon's Liver Tonic. Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodon's Liver Tonic under my personal guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it will make you sick. Dodon's Liver Tonic is real medicine. You'll know it next morning because you will wake up feeling fine. Your liver will be working, hunger and dizziness gone, stomach will be sweet and bowels regular. Dodon's Liver Tonic is entirely safe, therefore harmless and can be taken. Give it to your children. Millions of people are using Dodon's Liver Tonic instead of dangerous calomel. Your druggist will tell you the sale of Calomel is almost entirely gone.

IN DAYS TO COME
(Thomas F. Porter in the Boston Globe.)
In days to come, for you and me
May open a way more grand
and wide,
Wherein birds sing rare melody
And we in larger joy abide.

Then why into the darkness
grope
Among the things now cold
and dead?
For in a sweeter, grander hope
Lies in the days that are ahead.

How vain past errors to regret!
Tis wasting time, and nothing
less;
With faces toward the future set
May come to us a large suc-
cess.

The past is closed, and locked
and sealed!
No matter what we do or say;
And it to us can nothing yield.
For ne'er comes back a yester-
day.

Put to the plow anew your
hands;
No buried past can rise again.
"Forward and on," the order
stands.
And e'er as watchword should
remain.

Over the grave of wasted powers
'Twas worse than folly now to
grieve,
Since what is left of life is ours
In "which to struggle and
achieve."

Concerning Women and Events

Phi Beta Kappa has most sig-
nally honored a woman, says
Mabel Potter Daggett, Virginia
C. Gildersleeve, Ph. D., dean of
Bernard college, was chosen as
the orator to deliver the address
at the last annual meeting of the
Columbia University chapter.
Dr. Gildersleeve is herself a
member of Phi Beta Kappa, and
a graduate of the institution
over which she now presides.
Phi Beta Kappa is that hono-
rary fraternity to which college
graduates of the first scholastic
standing are admitted on receiv-
ing their diplomas. It is only
within recent years that women
were granted admission to the
fraternity. It is indeed a signifi-
cant advance that one of the
foremost universities has for the
first time chosen a woman as the
Phi Beta Kappa orator.

Woman Senator

Mrs. Helen Ring Robinson, the
brilliant woman law-maker of
Oregon, is known around the
world for the distinction, right-
fully hers, of being the only wo-
man sitting in the legislature
of any state. Lecture platforms
have called her; women's con-
ventions have sought her as a
great attraction. Now there
will be more to share Senator
Robinson's honors. Oregon has
elected Kathryn Clark and
she has made Mrs. Willard
a full member.

Senator Robinson is deeply
interested in the out-

break of the war, will not forget
Mrs. H. C. Hoover, the gracious
hostess at the Red House. When
they reached England, wide hos-
pitality was extended them by
this countrywoman at her Lon-
don residence.

Mrs. Hoover is still entertain-
ing American wayfarers in Lon-
don. Her husband is the effi-
cient chairman who a year ago
was placed at the head of the
American relief committee. It
now looks as if this committee
were to be continued as a fixture
in London while the war lasts.
Called into existence during the
crisis at the outbreak of hostili-
ties when 100,000 Americans
were stranded in Europe, this is
the organization that has ren-
dered never-to-be-forgotten ser-
vice to many American travel-
ers.

Worthy of Her Hire.

The United States has a com-
mission on industrial relations
which has been investigating
many things. Its chairman
while ago received a letter from
a Washington woman calling his
attention to a neglected factor

of industrial relations—the un-
paid labor of wives.
A government report discloses
the fact that in 93 1-2 per cent
of the American homes no ser-
vant is employed. This means
that mother does the work. When
she does it, she is working her
way. And we ought to get rid
of a very old and very erroneous
impression that father supports
her. In Norway, the government
reports list housewives as self-
supporting.

A Young Woman of Note.

As a little girl, she lived in
Europe with her father, where
she learned to speak French and
Spanish before she spoke Eng-
lish. For a while in her young
years she earned her living as a
milliner. Afterward she had a
regular fashionable debut and
was formally brought out in New
York society. At nineteen, she
had made a successful marriage.
Today, still in her twenties,
Nina Wilcox Putnam is one of
America's well known novelists,
with five published volumes to
her credit in addition to many
poems and magazine articles.
Her latest book, "The Little Mis-
sioner," has recently been
brought out by Appleton's.

B. H. Whitten of Webb was
here today.

**"Vaporize" Croup
or Cold Trouble**

Vaporize the lungs for cold, croup, whooping cough, etc. The vaporizer is a small, portable, and efficient device for vaporizing the lungs. It is used by holding the mouth over the opening and breathing in the vapor. It is a simple and effective method for treating these conditions.

VICKS' Group and SALT

UNUSUAL SPREAD OF
THE BOLL WEEVIL

Washington, Sept. 30.—Under
normal conditions the boll weevil
advances into new territory
at the rate of about 50 miles each
year, but during a period of un-
usually two weeks during the pres-
ent season there was an advance
of about 100 miles. This move-
ment carried the insect into
Georgia for the first time, and
25 counties in that State became
infested. Several counties in
Florida have been infested for
several years but 8 additional
ones became infested by
the same movement. Twenty ad-
ditional counties in Alabama
were also invaded. All of this
spread took place between the
15th and 31st of August.

There were several conditions
according to the entomologists of
the United States Department of
Agriculture, which contributed
to this unusual dispersion. One
of them was the drought in Ala-
bama and Mississippi, which
caused the plants to cease fruit-
ing and deprived the weevils of
the squares upon which they pre-
fer to feed. The more important
condition, however, was a series
of very high winds which began
on August the 15 and blow con-
tinuously for several days to-
ward the northeast. The weevils
Mexico, it is not at all likely to
were thus carried much farther do so in any other region that

than they would have gone by
natural flight or even by the aid
of ordinary winds.

The Department has placed
all available forces at work to
assist the farmers in the terri-
tory that has just become infest-
ed. Most of the cotton is now
open and this will allow an un-
usually early picking so that
the Fall broods of the weevil
can be destroyed by uprooting
and burying the plants or burn-
ing them where necessary. The
Department strongly urges the
burying of the plant wherever
this can be done promptly, as
the humus thereby placed in the
soil is of very great importance.
The state agencies are co-oper-
ating with the agents of the De-
partment, and a very active ef-
fort will be made to reduce the
number of weevils to the extent
that will allow an approximately
normal crop to be produced next
season.

Another feature of the boll
weevil problem which is attract-
ing considerable attention is the
damage that is being done in
Texas this season. There is a
more or less general impression
in the eastern part of the coun-
try that the boll weevil has
died out in the State of Texas,
but the investigations of the de-
partment show that the abun-
dant of the insect in that region
depends on climatic conditions.
During the present season these
conditions have been extremely
favorable with the result that
the insect has been as abundant
as at any time since it invaded
the State. The lesson to be
drawn from this fact is that the
planters in the eastern part of
the cotton belt must make a
strenuous fight, and should re-
alize that since the boll weevil has
not died out either in Texas or
ward the northeast, it is not at all likely to
do so in any other region that

**Good-Night Corns,
Good-Boy "Gels-It"**

Now-Then Corn Remedy That Never
Fails. The Simple, Common
Sense Way.

You poor corn-sufferers, with corns,
blisters and hot pains! Sit down
and put a few drops of "Gels-It"
on the simplest corn remedy in the world on
your corns. You can apply it in just a

few seconds, without fuss or trouble.
What's the use applying ointments that
do no good and more, that make corns swell
and make it more painful? "Gels-It" is a
simple, sure, new way. That's com-
mon sense. Try "Gels-It" also for
warts and bunions. "Gels-It" can't
hurt—the corn loosens, and comes
right off—clean off.
"Gels-It" is sold at all druggists,
25c a bottle, or sent direct by E.
Lawrence & Co., Chicago.

may become invaded. They
should adjust their systems of
farming to boll-weevil conditions
without delay.

10 pound bucket Snowdrift
lard, Friday and Saturday only.
\$1.20. Bush Grocery Co. Phone
28.

C. V. Miller, of Webb, was in
Dothan today.

5 pound bucket Snowdrift
lard, 45 cents. Friday and Sat-
urday only. Bush Grocery Co.
Phone 28.

Request comes from C. G. Fol-
son to change his Eagle from
Geravis, Oregon, to Amity, Ore-
gon. Mr. Folson is a son of Y.
R. Folson and was raised in this
county. He has been living in
Oregon for several years.

**IN FIFTY! FORTY
GRAY HAIR BACK**

Try Grandmother's Old Favorite
Recipe of Sage Tea and
Sulphur.

Almost everyone knows that
Sage Tea and Sulphur, properly
compounded, brings back the nat-
ural color and lustre to the hair
when faded, streaked or gray.
also cures dandruff, itching scalp
and stops falling hair. Years ago
the only way to get this mixture
was to make it at home, which is
mussy and troublesome. Now-
days, by asking at any drug
store for "Wyeth's Sage and
Sulphur Compound" you will get
a large bottle of this famous old
recipe for about 50 cents.

Don't stay gray! If it is
one can possibly tell that you
darkened your hair, as it does
so naturally and evenly. You
dampen a sponge or soft brush
with it and draw this through
your hair, taking one small
strand at a time; by morning the
gray hair disappears and after
another application or two, your
hair becomes beautifully dark,
thick and glossy.

**CREAM FOR CATARRH
OPENS UP NOSTRILS**

Tells How To Get Quick Relief
from Head-Colds. It's Splendid!

In one minute your clogged
nostrils will open, the air passag-
es of your head will clear and you
can breathe freely. No more
hawking, snuffling, blowing,
headache, dryness. No struggling
for breath at night; your cold or
catarrh will be gone.

Get a small bottle of Ely's
Cream Balm from your druggist
now. Apply a little of this fra-
grant, antiseptic, healing cream
in your nostrils. It penetrates
through every air passage of the
head, soothes the inflamed or
swollen mucous membrane and
relief comes instantly.

It's just fine. Don't stay stuff-
ed-up with a cold or nasty cat-
arrh—Relief comes so quickly.

G. W. Cherry of near Kinsey
is in the city today.

**STRICKLAND PIANO CO.
BANKRUPT STOCK**

of Pianos, Organs, Victrolas & Phonographs
TO BE SOLD
Commencing
Today & Saturday
and will continue until everything has been disposed of.

One Grand Piano, new,
Eleven Upright Pianos, new,
Several used Pianos,

One Player Piano, new,
Two Player Pianos, used,
Several new Organs

and several used Organs.

It's a great chance to get a Piano EVEN IF YOU HAVE BORROWED
THE MONEY, because you can get money at 8% and this sale will save
you five or six times the interest you would have to pay on the money.
Don't delay, but be here ready to do business Friday morning.

**ALL GOODS ARE STRICTLY CASH
NO CREDIT EXTENDED.**
